

## Human Nesfatin-1 ELISA Kit | NUCB2 elisa kit

Human Nesfatin-1 ELISA Kit

CATALOG #  
**AAA203333**

REACTIVITY  
**Human**

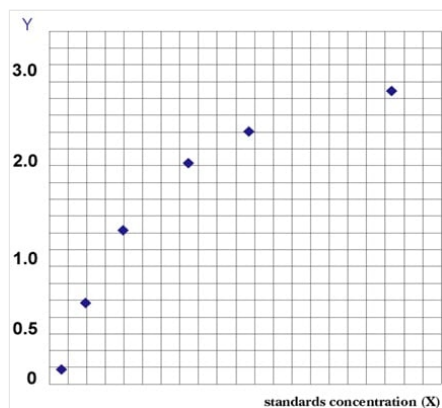

### PRODUCT SYNONYMS

Nesfatin-1; Human Nesfatin-1 ELISA Kit; NUCB2 elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Human                                                             |
| Sequence Length | 420                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 150 pg/ml-2400 pg/ml                                              |
| Sensitivity     | 10 pg/ml                                                          |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for NUCB2 elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of Nesfatin-1 in the sample, This Nesfatin-1 Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus Nesfatin-1 concentration. The concentration of Nesfatin-1 in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                     |           |
|---------------------|-----------|
| NCBI GI #           | 224471846 |
| UniProt Accession # | P80303    |

|                            |                |
|----------------------------|----------------|
| NCBI Official Full Name    | Nucleobindin-2 |
| UniProt Protein Name       | Nucleobindin-2 |
| UniProt Gene Name          | <b>NUCB2</b>   |
| UniProt Synonym Gene Names | NEFA           |
| UniProt Entry Name         | NUCB2_HUMAN    |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
