

## Human Cholera Toxin B Subunit ELISA Kit

Human Cholera Toxin B Subunit ELISA Kit

CATALOG #  
**AAA203746**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Cholera Toxin B Subunit; Human Cholera Toxin B Subunit ELISA Kit; Cholera Toxin B Subunit elisa kit

### PRODUCT SPECIFICATIONS

|                       |                                   |
|-----------------------|-----------------------------------|
| Reactivity            | Human                             |
| Sequence Length       | 63                                |
| Sensitivity           | 1.0 pg/mL                         |
| Intra-assay Precision | Intra-assay CV are less than 15%. |
| Inter-assay Precision | Inter-assay CV are less than 15%. |

### ADDITIONAL INFORMATION

#### Related Product Information for Cholera Toxin B Subunit elisa kit

Intended Uses: This Human CTB kit is intended for Laboratory for Research use only and is not for use in test or therapeutic procedures. The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of human CTB in the sample, this human CTB Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus Human CTB concentration. The concentration of human CTB in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                         |                                  |
|-------------------------|----------------------------------|
| NCBI GI #               | 327244564                        |
| NCBI Official Full Name | cholera toxin B subunit, partial |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
