

## Human Apoptotic Protease Activating Factor-1 ELISA Kit | APAF1 elisa kit

Human Apoptotic Protease Activating Factor-1 ELISA Kit

CATALOG #  
**AAA203829**

REACTIVITY  
**Human**

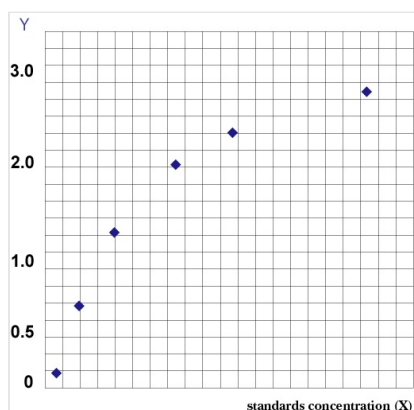

### PRODUCT SYNONYMS

Apoptotic Protease Activating Factor-1; Human Apoptotic Protease Activating Factor-1 ELISA Kit; APAF1 elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Human                                                             |
| Sequence Length | 1171                                                              |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 125 pg/ml-2000 pg/ml                                              |
| Sensitivity     | 10 pg/ml                                                          |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for APAF1 elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of APOPTOTIC PROTEASE ACTIVATING FACTER-1 in the sample, This APOPTOTIC PROTEASE ACTIVATING FACTER-1 ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus APOPTOTIC PROTEASE ACTIVATING FACTER-1 concentration. The concentration of APOPTOTIC PROTEASE ACTIVATING FACTER-1 in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|             |         |
|-------------|---------|
| NCBI GI #   | 5921467 |
| NCBI GeneID | 317     |

|                                  |                                         |
|----------------------------------|-----------------------------------------|
| NCBI Official Full Name          | apoptotic protease activating factor-1  |
| NCBI Official Synonym Full Names | apoptotic peptidase activating factor 1 |
| NCBI Official Symbol             | APAF1                                   |
| NCBI Official Synonym Symbols    | CED4; APAF-1                            |
| NCBI Protein Information         | apoptotic protease-activating factor 1  |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
