

Human Renalase (RNLS) ELISA Kit | RNLS elisa kit

Human Renalase (RNLS) ELISA Kit

CATALOG #
AAA204237

REACTIVITY
Human

PRODUCT SYNONYMS

Renalase (RNLS); Human Renalase (RNLS) ELISA Kit; RNLS elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Sequence Length	51

IMAGES

Standard Curve (Sample)

ADDITIONAL INFORMATION

Related Product Information for RNLS elisa kit

Intended Uses: This RNLS ELISA kit is intended Laboratory for Research use only!. The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of RNLS in the sample, this RNLS ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus RNLS concentration. The concentration of RNLS in the samples is then determined by comparing the O.D. of the samples to the standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	363902006
NCBI Official Full Name	renalase, partial

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
