

## Human Disabled Homolog 1 ELISA Kit | DAB1 elisa kit

Human Disabled Homolog 1 ELISA Kit

CATALOG #  
**AAA205502**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Disabled Homolog 1; Human Disabled Homolog 1 ELISA Kit; DAB1 elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Human                                                             |
| Sequence Length | 555                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 5ng/ml-80ng/ml                                                    |
| Sensitivity     | 0.1 ng/ml                                                         |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for DAB1 elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of DISABLED HOMOLOG 1 in the sample, This DISABLED HOMOLOG 1 ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus DISABLED HOMOLOG 1 concentration. The concentration of DISABLED HOMOLOG 1 in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|             |          |
|-------------|----------|
| NCBI GI #   | 33350928 |
| NCBI GeneID | 1600     |

|                                  |                              |
|----------------------------------|------------------------------|
| NCBI Accession #                 | <a href="#">NP_066566</a>    |
| NCBI GenBank Nucleotide #        | <a href="#">NP_066566.3</a>  |
| UniProt Accession #              | <a href="#">O75553</a>       |
| NCBI Official Full Name          | disabled homolog 1 isoform 1 |
| NCBI Official Synonym Full Names | DAB adaptor protein 1        |
| NCBI Official Symbol             | DAB1                         |
| NCBI Official Synonym Symbols    | SCA37                        |
| NCBI Protein Information         | disabled homolog 1           |
| UniProt Protein Name             | Disabled homolog 1           |
| UniProt Gene Name                | <b>DAB1</b>                  |
| UniProt Entry Name               | DAB1_HUMAN                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
