

## Mouse Lactate Dehydrogenase (LDH) ELISA Kit | LDH elisa kit

Mouse Lactate Dehydrogenase (LDH) ELISA Kit

CATALOG #  
**AAA206895**

REACTIVITY  
**Mouse**

### PRODUCT SYNONYMS

Lactate Dehydrogenase (LDH); Mouse Lactate Dehydrogenase (LDH) ELISA Kit; LDH elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Mouse                                                             |
| Sequence Length | 317                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 0.5 IU/L-8 IU/L                                                   |
| Sensitivity     | 0.1 IU/L                                                          |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for LDH elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of LDH in the sample, This LDH ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus LDH concentration. The concentration of LDH in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                         |           |
|-------------------------|-----------|
| NCBI GI #               | 472399862 |
| NCBI Official Full Name | Ldh       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
