

## Mouse Advanced Oxidation Protein Products (AOPP) ELISA Kit | AOPP elisa kit

Mouse Advanced Oxidation Protein Products (AOPP) ELISA Kit

CATALOG #  
**AAA206971**

REACTIVITY  
**Mouse**

### PRODUCT SYNONYMS

Advanced Oxidation Protein Products (AOPP); Mouse Advanced Oxidation Protein Products (AOPP) ELISA Kit; AOPP elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Mouse                                                             |
| Sequence Length | 555                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 30 pmol/L-480 pmol/L                                              |
| Sensitivity     | 1 pmol/L                                                          |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for AOPP elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of AOPP in the sample, This AOPPELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus AOPP concentration. The concentration of AOPP in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                  |             |
|------------------|-------------|
| NCBI GI #        | 31542077    |
| NCBI GeneID      | 103213      |
| NCBI Accession # | NP_598761.2 |

|                                  |                             |
|----------------------------------|-----------------------------|
| NCBI GenBank Nucleotide #        | <a href="#">NP_598761.2</a> |
| NCBI Official Full Name          | adapter protein CIKS        |
| NCBI Official Synonym Full Names | TRAF3 interacting protein 2 |
| NCBI Official Symbol             | Traf3ip2                    |
| NCBI Official Synonym Symbols    | Act1; CIKS; AI429613        |
| NCBI Protein Information         | adapter protein CIKS        |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
