

## Mouse Platelet Derived Growth Factor C ELISA Kit | PDGFC elisa kit

Mouse Platelet Derived Growth Factor C ELISA Kit

CATALOG #  
**AAA208277**

REACTIVITY  
**Mouse**

### PRODUCT SYNONYMS

Platelet Derived Growth Factor C; Mouse Platelet Derived Growth Factor C ELISA Kit; PDGFC elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Mouse                                                             |
| Sequence Length | 345                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 125 pg/ml-2000 pg/ml                                              |
| Sensitivity     | 10 pg/ml                                                          |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for PDGFC elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of PLATELET DERIVED GROWTH FACTOR C in the sample, This PLATELET DERIVED GROWTH FACTOR CELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus PLATELET DERIVED GROWTH FACTOR C concentration. The concentration of PLATELET DERIVED GROWTH FACTOR C in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|             |         |
|-------------|---------|
| NCBI GI #   | 9994187 |
| NCBI GeneID | 56034   |

|                                  |                                         |
|----------------------------------|-----------------------------------------|
| NCBI Accession #                 | NP_057289.1                             |
| NCBI GenBank Nucleotide #        | NP_057289.1                             |
| UniProt Accession #              | Q9NRA1                                  |
| NCBI Official Full Name          | platelet-derived growth factor C        |
| NCBI Official Synonym Full Names | platelet derived growth factor C        |
| NCBI Official Symbol             | PDGFC                                   |
| NCBI Official Synonym Symbols    | SCDGF; FALLOTEIN                        |
| NCBI Protein Information         | platelet-derived growth factor C        |
| UniProt Protein Name             | Platelet-derived growth factor C        |
| UniProt Gene Name                | <b>PDGFC</b>                            |
| UniProt Synonym Gene Names       | SCDGF; PDGF-C; SCDGF; PDGFC latent form |
| UniProt Entry Name               | PDGFC_HUMAN                             |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
