

Rat Calprotectin (CALP) ELISA Kit | CALP elisa kit

Rat Calprotectin (CALP) ELISA Kit

CATALOG #
AAA208801

REACTIVITY
Rat

PRODUCT SYNONYMS

Calprotectin (CALP); Rat Calprotectin (CALP) ELISA Kit; CALP elisa kit

PRODUCT SPECIFICATIONS

Reactivity

Rat

ADDITIONAL INFORMATION

Related Product Information for CALP elisa kit

Intended Uses: This CALP ELISA kit is intended Laboratory for Research use only. The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of CALP in the sample, this CALP ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus CALP concentration. The concentration of CALP in the samples is then determined by comparing the O.D. of the samples to the standard curve.

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
