

## Rat SOX-9 ELISA Kit | SOX-9 elisa kit

Rat SOX-9 ELISA Kit

CATALOG #  
**AAA209280**

REACTIVITY  
**Rat**

### PRODUCT SYNONYMS

SOX-9; Rat SOX-9 ELISA Kit; SOX-9 elisa kit

### PRODUCT SPECIFICATIONS

|                       |                                  |
|-----------------------|----------------------------------|
| Reactivity            | Rat                              |
| Sequence Length       | 54                               |
| Sensitivity           | 0.1 ng/mL                        |
| Intra-assay Precision | Intra-assay CV is less than 15%. |
| Inter-assay Precision | Inter-assay CV is less than 15%. |

### ADDITIONAL INFORMATION

#### Related Product Information for SOX-9 elisa kit

Intended Uses: This SOX-9 ELISA kit is intended Laboratory for Research use only. The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of SOX-9 in the sample, this SOX-9 ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus SOX-9 concentration. The concentration of SOX-9 in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                         |                |
|-------------------------|----------------|
| NCBI GI #               | 938234         |
| NCBI GeneID             | 6658           |
| NCBI Official Full Name | SOX-9, partial |

|                                  |                                |
|----------------------------------|--------------------------------|
| NCBI Official Synonym Full Names | SRY-box transcription factor 3 |
| NCBI Official Symbol             | SOX3                           |
| NCBI Official Synonym Symbols    | PHP; GHDX; MRGH; PHPX; SOXB    |
| NCBI Protein Information         | transcription factor SOX-3     |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
