

## Rat Bromodeoxyuridine (BrdU) ELISA Kit | BrdU elisa kit

Rat Bromodeoxyuridine (BrdU) ELISA Kit

CATALOG #  
AAA209288

REACTIVITY  
Rat

### PRODUCT SYNONYMS

Bromodeoxyuridine (BrdU); Rat Bromodeoxyuridine (BrdU) ELISA Kit; BrdU elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Rat                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 12.5 pmol/L-200 pmol/L                                            |
| Sensitivity     | 1 pmol/L                                                          |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for BrdU elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of BRDU in the sample, This BRDUELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus BRDU concentration. The concentration of BRDU in the samples is then determined by comparing the O.D. of the samples to the standard curve.

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
