

## Rat Angiostatin (ANG) ELISA Kit | ANG elisa kit

Rat Angiostatin (ANG) ELISA Kit

CATALOG #  
**AAA209314**

REACTIVITY  
**Rat**

### PRODUCT SYNONYMS

Angiostatin (ANG); Rat Angiostatin (ANG) ELISA Kit; ANG elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Rat                                                               |
| Sequence Length | 466                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 0.75ng/ml-12ng/ml                                                 |
| Sensitivity     | 0.1 ng/ml                                                         |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for ANG elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of ANG in the sample, This ANG ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus ANG concentration. The concentration of ANG in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                         |             |
|-------------------------|-------------|
| NCBI GI #               | 81892900    |
| NCBI Official Full Name | Angiostatin |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
