

Mouse anti-Human BRAF V600E Monoclonal Antibody | anti-BRAF antibody

SensiStain Anti-Recombinant BRAF V600E Antibody

CATALOG # AAA214361	HOST Mouse	REACTIVITY Human	APPLICATIONS ELISA, Immunohistochemistry
-------------------------------	----------------------	----------------------------	--

PRODUCT SYNONYMS

BRAF V600E; Monoclonal Antibody; SensiStain Anti-Recombinant BRAF V600E Antibody; anti-BRAF antibody

PRODUCT SPECIFICATIONS

Host	Mouse
Reactivity	Human
Clonality	Monoclonal
Isotype	IgG2b, kappa
Clone Number	ACH500005
Specificity	Human BRAF V600E
Purity/Purification	Cell Culture
Form/Format	Liquid; Tris Buffer, pH7.3-7.7, with 1% BSA and <0.1% Sodium Azide
Applicable Applications for anti-BRAF antibody	ELISA, IHC (Immunohistochemistry)
Antibody Type	Recombinant Antibody
Immunogen	Recombinant BRAF V600E protein
Preparation and Storage	This product is stable for several weeks at 4 degree C as an undiluted liquid. Dilute only prior to immediate use. For extended storage, aliquot contents and freeze at -20 degree C or below. Avoid cycles of freezing and thawing. Expiration date is one (1) year from date of receipt. Shipping Condition: Ice Packs

ADDITIONAL INFORMATION

Related Product Information for anti-BRAF antibody	SensiStain Anti-Recombinant BRAF V600E Antibody detects the V600E mutant form of BRAF (serine/threonine-protein kinase B-Raf). Studies have shown that mutations on the BRAF gene in which 80% are of the single V600E substitution resulted in increase of cell proliferation and resistance to apoptosis. BRAF V600E is therefore an important immunohistochemical marker for tumor studies.
Product Categories/Family for anti-BRAF antibody	Primary Antibody

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
