### PRODUCT SYNONYMS

Pan Methyl Lysine; Polyclonal Antibody; Pan Methyl Lysine Polyclonal Antibody; Dimethyllysine; Methyl lysine; N epsilon dimethyl lysine; N epsilon mono methyllysine; N epsilon trimethyl lysine; N(epsilon) trimethyl lysine; Trimethyl lysine; anti-Pan Methyl Lysine antibody

### PRODUCT SPECIFICATIONS

|                                                             |                                                                                                  |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------------------|
| Host                                                        | Rabbit                                                                                           |
| Reactivity                                                  | All                                                                                              |
| Clonality                                                   | Polyclonal                                                                                       |
| Isotype                                                     | IgG                                                                                              |
| Purity/Purification                                         | Affinity purification                                                                            |
| Form/Format                                                 | PBS with 0.02% sodium azide, containing 0.5% BSA, 50% glycerol, pH7.4                            |
| Applicable Applications for anti-Pan Methyl Lysine antibody | WB (Western Blot)                                                                                |
| Application Notes                                           | WB: 1:1000-2000<br>Note: Centrifuge before opening to ensure complete recovery of vial contents. |
| Immunogen                                                   | Recombinant Protein                                                                              |
| Preparation and Storage                                     | Store at -20°C. Avoid freeze / thaw cycles.                                                      |

### IMAGES

**WB (Western Blot)**

Western Blot analysis of 1) HeLa, 2) 3T3, 3) Rat brain using Pan Methyl Lysine Polyclonal Antibody at dilution of 1:2000.

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
