

## Rabbit SHCA Polyclonal Antibody | anti-SHCA antibody

Rabbit anti-SHCA (pY427) Antibody

| CATALOG # | HOST   | REACTIVITY                | APPLICATIONS                       |
|-----------|--------|---------------------------|------------------------------------|
| AAA221738 | Rabbit | Human, Mouse, Rat, Bovine | Immunohistochemistry, Western Blot |

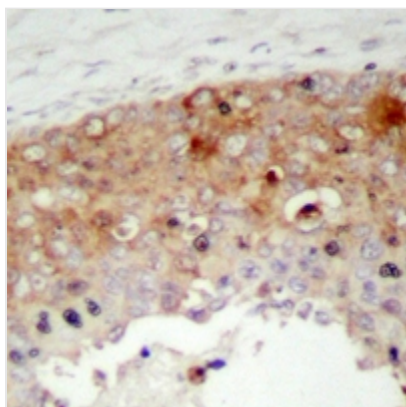

### PRODUCT SYNONYMS

SHCA; Polyclonal Antibody; Rabbit anti-SHCA (pY427) Antibody; SHC; SHC-transforming protein 1; SHC-transforming protein 3; SHC-transforming protein A; Src homology 2 domain-containing-transforming protein C1; SH2 domain protein C1; anti-SHCA antibody

### PRODUCT SPECIFICATIONS

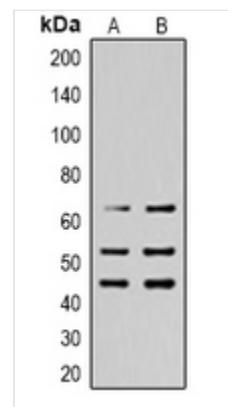

|                                                |                                                                                                                                             |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                                      |
| Reactivity                                     | Human, Mouse, Rat, Bovine                                                                                                                   |
| Clonality                                      | Polyclonal                                                                                                                                  |
| Purity/Purification                            | The antibody was purified by immunogen affinity chromatography.                                                                             |
| Form/Format                                    | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                                   |
| Concentration                                  | 1mg/mL (varies by lot)                                                                                                                      |
| Applicable Applications for anti-SHCA antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                               |
| Immunogen                                      | KLH-conjugated synthetic peptide encompassing a sequence within the center region of human SHCA (pY427). The exact sequence is proprietary. |
| Preparation and Storage                        | Store at -20 degree C. Avoid repeated freeze/thaw cycles.                                                                                   |

### IMAGES

#### IHC (Immunohistochemistry)

Immunohistochemical analysis of SHCA (pY427) staining in human prostate cancer formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

#### WB (Western Blot)

Western blot analysis of SHCA (pY427) expression in HeLa (A), HEK293T (B) whole cell lysates.
