### PRODUCT SYNONYMS

GLUR2; Polyclonal Antibody; Rabbit anti-GLUR2 (pS880) Antibody; Glutamate receptor 2; GluR-2; AMPA-selective glutamate receptor 2; GluR-B; GluR-K2; Glutamate receptor ionotropic; AMPA 2; GluA2; anti-GLUR2 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                              |
|-------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                       |
| Reactivity                                      | Human, Mouse, Rat, Chicken, Monkey, Zebrafish                                                                                                |
| Clonality                                       | Polyclonal                                                                                                                                   |
| Purity/Purification                             | The antibody was purified by immunogen affinity chromatography.                                                                              |
| Form/Format                                     | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                                    |
| Concentration                                   | 1mg/mL (varies by lot)                                                                                                                       |
| Applicable Applications for anti-GLUR2 antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                                |
| Immunogen                                       | KLH-conjugated synthetic peptide encompassing a sequence within the C-term region of human GLUR2 (pS880). The exact sequence is proprietary. |
| Preparation and Storage                         | Store at -20 degree C. Avoid repeated freeze/thaw cycles.                                                                                    |

### IMAGES

#### IHC (Immunohistochemistry)

Immunohistochemical analysis of GLUR2 (pS880) staining in human brain formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

#### WB (Western Blot)

Western blot analysis of GLUR2 (pS880) expression in mouse brain (A), rat brain (B) whole cell lysates.
