

Rabbit Influenza Virus Ns1A Binding Polyclonal Antibody

Influenza Virus Ns1A Binding Protein antibody

CATALOG # AAA224342	HOST Rabbit	APPLICATIONS Immunohistochemistry, Western Blot
-------------------------------	-----------------------	---

PRODUCT SYNONYMS

Influenza Virus Ns1A Binding; Polyclonal Antibody; Influenza Virus Ns1A Binding Protein antibody; Polyclonal Influenza Virus Ns1A Binding Protein; Anti-Influenza Virus Ns1A Binding Protein; Swine Flu; Influenza A nuclear; Flu A; Influenza Ns1A Binding Protein; H1N1; Influenza ABP; Flu A H1N1; IVNS1ABP; anti-Influenza Virus Ns1A Binding antibody

PRODUCT SPECIFICATIONS

Host	Rabbit
Clonality	Polyclonal
Specificity	Influenza Virus Ns1A Binding Protein antibody was raised against the N terminal of IVNS1ABP
Purity/Purification	Affinity purified
Form/Format	Lyophilized powder. Add 50ul distilled water for a 1mg/ml concentration of IVNS1ABP antibody in PBS
Concentration	1 mg/ml (varies by lot)
Applicable Applications for anti-Influenza Virus Ns1A Binding antibody	IHC (Immunohistochemistry), WB (Western Blot)
Biological Significance	This gene encodes a protein which interacts with the nonstructural NS1 protein of the influenza A virus. In noninfected cells, affinity-purified antibodies localized this protein in nuclear regions enriched with the spliceosome assembly factor SC35, suggesting an association with the cellular splicing apparatus. In influenza A virus-infected cells, the protein relocalized throughout the nucleoplasm and appeared distinct from the SC35 domains, which suggests that its function may be disturbed or altered.
Cross-Reactivity	Human, Dog
Immunogen	Influenza Virus Ns1A Binding Protein antibody was raised using the N terminal of IVNS1ABP corresponding to a region with amino acids RAVLACCSPYLFEIFNSDSDPHGISHVKFDDLNP EAVEVLLNYAYTAQLK
Preparation and Storage	Store at 2-8 degree C for short periods. For longer periods of storage, store at -20 degree C. Avoid repeat freeze-thaw cycles.

IMAGES

IHC (Immunohistochemistry)
Human Liver

WB (Western Blot)
Recommended IVNS1ABP Antibody Titration: 0.2-1 ug/ml

ADDITIONAL INFORMATION

Related Product Information for anti-Influenza Virus Ns1A Binding antibody	Rabbit polyclonal Influenza Virus Ns1A Binding Protein antibody raised against the N terminal of IVNS1ABP

NCBI AND UNIPROT INFORMATION

Molecular Weight

72 kDa (MW of target protein)

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
