

## Rabbit TUBGCP6 Polyclonal Antibody | anti-TUBGCP6 antibody

TUBGCP6 antibody

|                               |                       |                                                                  |
|-------------------------------|-----------------------|------------------------------------------------------------------|
| CATALOG #<br><b>AAA224366</b> | HOST<br><b>Rabbit</b> | APPLICATIONS<br><b>ELISA, Immunohistochemistry, Western Blot</b> |
|-------------------------------|-----------------------|------------------------------------------------------------------|

### PRODUCT SYNONYMS

TUBGCP6; Polyclonal Antibody; TUBGCP6 antibody; Polyclonal TUBGCP6; Anti-TUBGCP6; Gamma-tubulin complex component 6; GCP-6; GCP6; KIAA1669; tubulin; gamma complex associated protein 6; anti-TUBGCP6 antibody

### PRODUCT SPECIFICATIONS

|                                                   |                                                                                                                           |
|---------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Host                                              | Rabbit                                                                                                                    |
| Clonality                                         | Polyclonal                                                                                                                |
| Isotype                                           | IgG                                                                                                                       |
| Specificity                                       | TUBGCP6 antibody detects endogenous levels of total TUBGCP6 protein                                                       |
| Form/Format                                       | Supplied in PBS (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol |
| Concentration                                     | 1 mg/ml (varies by lot)                                                                                                   |
| Sequence Length                                   | 1811                                                                                                                      |
| Applicable Applications for anti-TUBGCP6 antibody | ELISA, IHC (Immunohistochemistry), WB (Western Blot)                                                                      |
| Biological Significance                           | TUBGCP6 is necessary for microtubule nucleation at the centrosome.                                                        |
| Immunogen                                         | TUBGCP6 antibody was raised in Rabbit using a synthesized peptide derived from internal of human TUBGCP6 as the immunogen |
| Preparation and Storage                           | Store at -20 degree C for 1 year                                                                                          |
