

## Compound N062-0011 Biochemical | N062-0011 biochemical

Compound N062-0011

CATALOG #  
**AAA226625**

### PRODUCT SYNONYMS

Compound N062-0011; CTK8E8405; N062-0011 biochemical

### PRODUCT SPECIFICATIONS

|                         |                                                                          |
|-------------------------|--------------------------------------------------------------------------|
| Purity/Purification     | 98%                                                                      |
| Solubility              | <1mg/ml refers to the product slightly soluble or insoluble              |
| Preparation and Storage | Powder: -20 degree C for 3 years<br>In solvent: -80 degree C for 2 years |

### IMAGES

Structure  
CAY10462, CAS 502656-68-0

Structure  
CAY10462, CAS 502656-68-0

### ADDITIONAL INFORMATION

|                                                     |                                                                                                                                                     |
|-----------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Categories/Family for N062-0011 biochemical | Metabolism                                                                                                                                          |
| References                                          | 1. Nakamura T, et al. Imidazole derivatives as new potent and selective 20-HETE synthase inhibitors. Bioorg Med Chem Lett. 2004 Jan 19;14(2):333-6. |

### NCBI AND UNIPROT INFORMATION

|                  |        |
|------------------|--------|
| Molecular Weight | 360.32 |
|------------------|--------|

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
