

## Rabbit anti-Human ASB8 Polyclonal Antibody | anti-ASB8 antibody

ASB8 Antibody

|                               |                       |                            |                                                                  |
|-------------------------------|-----------------------|----------------------------|------------------------------------------------------------------|
| CATALOG #<br><b>AAA229718</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunohistochemistry, Western Blot, ELISA</b> |
|-------------------------------|-----------------------|----------------------------|------------------------------------------------------------------|

### PRODUCT SYNONYMS

ASB8; Polyclonal Antibody; ASB8 Antibody; Ankyrin repeat and SOCS box protein 8; ASB-8; PP14212; anti-ASB8 antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                          |
|------------------------------------------------|------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                   |
| Reactivity                                     | Human                                                                                    |
| Clonality                                      | Polyclonal                                                                               |
| Isotype                                        | IgG                                                                                      |
| Purity/Purification                            | Affinity Purified                                                                        |
| Form/Format                                    | Liquid                                                                                   |
| Sequence Length                                | 288                                                                                      |
| Applicable Applications for anti-ASB8 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                     |
| Immunogen                                      | Recombinant human Ankyrin repeat and SOCS box protein 8 protein                          |
| Conjugation                                    | Non-conjugated                                                                           |
| Storage Buffer                                 | Preservative: 0.03% Proclin 300; Constituents: 50% Glycerol, 0.01M PBS, PH 7.4           |
| Santa Cruz Alternative                         | Potential replacement for Santa Cruz Biotechnology antibody catalog# sc-109207           |
| Preparation and Storage                        | Shipped at 4 degree C. Upon delivery, aliquot and store at -20 degree C or -80 degree C. |

#### WB (Western Blot)

Western blotAll lanes: ASB8 antibody at 1ug/ml+ Human placenta tissueGoat polyclonal to rabbit at 1/10000 dilutionPredicted band size: 32 kDaObserved band size: 32 kDa

ADDITIONAL INFORMATION

|                                                    |                                                                                                                                                                                                                               |
|----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Related Product Information for anti-ASB8 antibody | May be a substrate-recognition component of a SCF-like ECS (Elongin-Cullin-SOCS-box protein) E3 ubiquitin-protein ligase complex which mediates the ubiquitination and subsequent proteasomal degradation of target proteins. |
