

## Rabbit anti-Human, Mouse MID2 Polyclonal Antibody | anti-MID2 antibody

MID2 Antibody

|                               |                       |                                   |                                                                  |
|-------------------------------|-----------------------|-----------------------------------|------------------------------------------------------------------|
| CATALOG #<br><b>AAA231287</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse</b> | APPLICATIONS<br><b>Immunohistochemistry, Western Blot, ELISA</b> |
|-------------------------------|-----------------------|-----------------------------------|------------------------------------------------------------------|

### PRODUCT SYNONYMS

MID2; Polyclonal Antibody; MID2 Antibody; Probable E3 ubiquitin-protein ligase MID2; Midin-2; Midline defect 2; Midline-2; RING finger protein 60; Tripartite motif-containing protein 1; FXY2; RNF60; TRIM1; anti-MID2 antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                |
|------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                         |
| Reactivity                                     | Human, Mouse                                                                                                   |
| Clonality                                      | Polyclonal                                                                                                     |
| Isotype                                        | IgG                                                                                                            |
| Purity/Purification                            | Antigen Affinity Purified                                                                                      |
| Form/Format                                    | Liquid                                                                                                         |
| Sequence Length                                | 735                                                                                                            |
| Applicable Applications for anti-MID2 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                           |
| Species                                        | Human                                                                                                          |
| Immunogen                                      | Recombinant human Probable E3 ubiquitin-protein ligase MID2 protein (C-230AA)                                  |
| Conjugate                                      | Non-conjugated                                                                                                 |
| Buffer                                         | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.                                                              |
| Santa Cruz Alternative                         | Potential replacement for Santa Cruz Biotechnology antibody catalog# sc-55129 / sc-55130                       |
| Preparation and Storage                        | Shipped at 4 degree C. Upon delivery aliquot and store at -20 degree C or -80 degree C. Avoid repeated freeze. |
