

## Rabbit SYK Polyclonal Antibody | anti-SYK antibody

Phospho-SYK (Y348) Antibody

| CATALOG # | HOST   | REACTIVITY                | APPLICATIONS                              |
|-----------|--------|---------------------------|-------------------------------------------|
| AAA235846 | Rabbit | Human, Mouse, Rat, Monkey | ELISA, Immunohistochemistry, Western Blot |

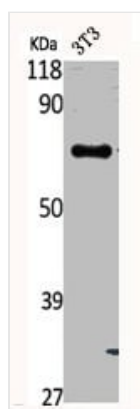

### PRODUCT SYNONYMS

SYK; Polyclonal Antibody; Phospho-SYK (Y348) Antibody; Tyrosine-protein kinase SYK; Spleen Tyrosine kinase; p72-Syk; anti-SYK antibody

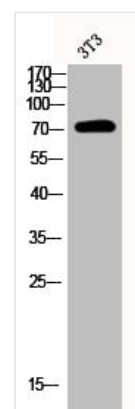

### PRODUCT SPECIFICATIONS

|                                               |                                                                                                      |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                               |
| Reactivity                                    | Human, Mouse, Rat, Monkey                                                                            |
| Clonality                                     | Polyclonal                                                                                           |
| Isotype                                       | IgG                                                                                                  |
| Purity/Purification                           | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Form/Format                                   | Liquid; In Phosphate Buffered Saline, 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.                 |
| Applicable Applications for anti-SYK antibody | ELISA, IHC (Immunohistochemistry), WB (Western Blot)                                                 |
| Immunogen                                     | Synthesized peptide derived from human Syk around the phosphorylation site of Y348.                  |
| Immunogen Species                             | Human                                                                                                |
| Conjugate                                     | Non-conjugated                                                                                       |
| Preparation and Storage                       | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                          |
