### PRODUCT SYNONYMS

BCL2; Polyclonal Antibody; Phospho-BCL2 (S70) Antibody; Apoptosis regulator Bcl-2; anti-BCL2 antibody

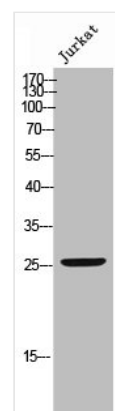

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                      |
|------------------------------------------------|------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                               |
| Reactivity                                     | Mouse, Rat                                                                                           |
| Clonality                                      | Polyclonal                                                                                           |
| Isotype                                        | IgG                                                                                                  |
| Purity/Purification                            | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Form/Format                                    | Liquid; In Phosphate Buffered Saline, 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.                 |
| Applicable Applications for anti-BCL2 antibody | ELISA, WB (Western Blot)                                                                             |
| Immunogen                                      | Synthesized peptide derived from human Bcl-2 around the phosphorylation site of S70.                 |
| Immunogen Species                              | Mouse                                                                                                |
| Conjugate                                      | Non-conjugated                                                                                       |
| Preparation and Storage                        | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                          |
