### PRODUCT SYNONYMS

GHSR; Polyclonal Antibody; GHSR Antibody; anti-GHSR antibody

### PRODUCT SPECIFICATIONS

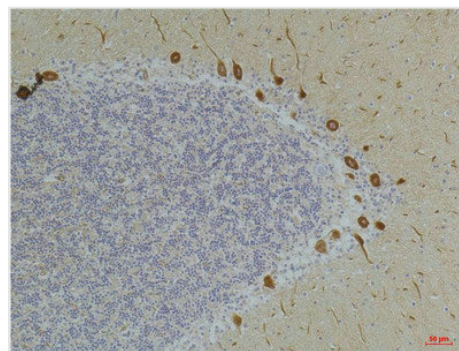

|                                                |                                                                                              |
|------------------------------------------------|----------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                       |
| Reactivity                                     | Human, Mouse, Rat                                                                            |
| Clonality                                      | Polyclonal                                                                                   |
| Isotype                                        | IgG                                                                                          |
| Purity/Purification                            | Affinity-purified from rabbit antiserum by affinity-chromatography using specific immunogen. |
| Form/Format                                    | Liquid; In Phosphate Buffered Saline, 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.         |
| Applicable Applications for anti-GHSR antibody | IHC (Immunohistochemistry), ELISA, WB (Western Blot)                                         |
| Immunogen                                      | Synthetic Peptide                                                                            |
| Immunogen Species                              | Human                                                                                        |
| Conjugate                                      | Non-conjugated                                                                               |
| Preparation and Storage                        | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                  |
