

## Rabbit UBB/UBC/RPS27A/UBA52 Polyclonal Antibody | anti-UBB antibody

UBB/UBC/RPS27A/UBA52 Antibody

|                               |                       |                                        |                                                    |
|-------------------------------|-----------------------|----------------------------------------|----------------------------------------------------|
| CATALOG #<br><b>AAA236931</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>ELISA, Immunohistochemistry</b> |
|-------------------------------|-----------------------|----------------------------------------|----------------------------------------------------|

### PRODUCT SYNONYMS

UBB/UBC/RPS27A/UBA52; Polyclonal Antibody; UBB/UBC/RPS27A/UBA52 Antibody; anti-UBB antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                                               |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                                        |
| Reactivity                                    | Human, Mouse, Rat                                                                                             |
| Clonality                                     | Polyclonal                                                                                                    |
| Isotype                                       | IgG                                                                                                           |
| Purity/Purification                           | Affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                      |
| Form/Format                                   | Liquid; In Phosphate Buffered Saline, pH 7.4, Containing 0.02% Sodium Azide as Preservative and 50% Glycerol. |
| Applicable Applications for anti-UBB antibody | ELISA, IHC (Immunohistochemistry)                                                                             |
| Immunogen                                     | Synthetic peptide from human protein at AA range: 1-50                                                        |
| Immunogen Species                             | Human                                                                                                         |
| Conjugate                                     | Non-conjugated                                                                                                |
| Preparation and Storage                       | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                                   |

### IMAGES

**IHC (Immunohistochemistry)**

Immunohistochemical analysis of paraffin-embedded human-placenta, antibody was diluted at 1:200

**IHC (Immunohistochemistry)**

Immunohistochemical analysis of paraffin-embedded human-placenta, antibody was diluted at 1:200
