

## Rabbit anti-Human DFFA Polyclonal Antibody | anti-DFFA antibody

DFFA Antibody

|                               |                       |                            |                                                    |
|-------------------------------|-----------------------|----------------------------|----------------------------------------------------|
| CATALOG #<br><b>AAA237482</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunohistochemistry, ELISA</b> |
|-------------------------------|-----------------------|----------------------------|----------------------------------------------------|

### PRODUCT SYNONYMS

DFFA; Polyclonal Antibody; DFFA Antibody; DNA fragmentation factor; 45kDa; alpha polypeptide; anti-DFFA antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                         |
|------------------------------------------------|-----------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                  |
| Reactivity                                     | Human                                                                                   |
| Clonality                                      | Polyclonal                                                                              |
| Isotype                                        | IgG                                                                                     |
| Purity/Purification                            | Antigen Affinity Purification                                                           |
| Form/Format                                    | Liquid; In Phosphate Buffered Saline, pH 7.4, 0.05% NaN <sub>3</sub> , and 40% Glycerol |
| Applicable Applications for anti-DFFA antibody | IHC (Immunohistochemistry), ELISA                                                       |
| Immunogen                                      | Fusion protein of human DFFA                                                            |
| Immunogen Species                              | Human                                                                                   |
| Conjugate                                      | Non-conjugated                                                                          |
| Preparation and Storage                        | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.             |

### IMAGES

IHC (Immunohistochemistry)

The image on the left is immunohistochemistry of paraffin-embedded Human thyroid cancer tissue using AAA237482(DFFA Antibody) at dilution 1/20, on the right is treated with fusion protein. (Original magnification: ×200)

IHC (Immunohistochemistry)

The image on the left is immunohistochemistry of paraffin-embedded Human cervical cancer tissue using AAA237482(DFFA Antibody) at dilution 1/20, on the right is treated with fusion protein. (Original magnification: ×200)
