

## Rabbit GALT Polyclonal Antibody | anti-GALT antibody

GALT Antibody

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS                              |
|-----------|--------|-------------------|-------------------------------------------|
| AAA238929 | Rabbit | Human, Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

### PRODUCT SYNONYMS

GALT; Polyclonal Antibody; GALT Antibody; galactose-1-phosphate uridylylTransferase; anti-GALT antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                         |
|------------------------------------------------|-----------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                  |
| Reactivity                                     | Human, Mouse, Rat                                                                       |
| Clonality                                      | Polyclonal                                                                              |
| Isotype                                        | IgG                                                                                     |
| Purity/Purification                            | Antigen Affinity Purification                                                           |
| Form/Format                                    | Liquid; In Phosphate Buffered Saline, pH 7.4, 0.05% NaN <sub>3</sub> , and 40% Glycerol |
| Applicable Applications for anti-GALT antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                    |
| Immunogen                                      | Fusion protein of human GALT                                                            |
| Immunogen Species                              | Human                                                                                   |
| Conjugate                                      | Non-conjugated                                                                          |
| Preparation and Storage                        | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.             |

### IMAGES

#### SDS-PAGE

Gel: 8%SDS-PAGE, Lysate: 50 ug, Lane: Human fetal liver tissue, Primary antibody: AAA238929(GALT Antibody) at dilution 1/200, Secondary antibody: Goat anti rabbit IgG at 1/8000 dilution, Exposure time: 1 minute

#### IHC (Immunohistochemistry)

The image on the left is immunohistochemistry of paraffin-embedded Human brain tissue using AAA238929(GALT Antibody) at dilution 1/40, on the right is treated with fusion protein. (Original magnification: ×200)

**IHC (Immunohistochemistry)**  
The image on the left is immunohistochemistry of paraffin-embedded Human prostate cancer tissue using AAA238929(GALT Antibody) at dilution 1/40, on the right is treated with fusion protein. (Original magnification: ×200)
