

## Rabbit CSRP1 Polyclonal Antibody | anti-CSRP1 antibody

CSRP1 Antibody

|                               |                       |                                        |                                                                  |
|-------------------------------|-----------------------|----------------------------------------|------------------------------------------------------------------|
| CATALOG #<br><b>AAA242402</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Immunohistochemistry, Western Blot, ELISA</b> |
|-------------------------------|-----------------------|----------------------------------------|------------------------------------------------------------------|

### PRODUCT SYNONYMS

CSRP1; Polyclonal Antibody; CSRP1 Antibody; CRP; CRP1; CSRP; CYRP; cysteine and glycine-rich 1; anti-CSRP1 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                                            |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                     |
| Reactivity                                      | Human, Mouse, Rat                                                                                                                                          |
| Clonality                                       | Polyclonal                                                                                                                                                 |
| Isotype                                         | IgG                                                                                                                                                        |
| Purity/Purification                             | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                       |
| Form/Format                                     | Liquid; Rabbit IgG In Phosphate Buffered Saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% Sodium Azide and 50% Glycerol. |
| Applicable Applications for anti-CSRP1 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                       |
| Immunogen                                       | Synthesized peptide derived from internal of human CRP1.                                                                                                   |
| Immunogen Species                               | Human                                                                                                                                                      |
| Conjugate                                       | Non-conjugated                                                                                                                                             |
| Preparation and Storage                         | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                                                                                |

### IMAGES

**IHC (Immunohistochemistry)**

Immunohistochemistry analysis of paraffin-embedded human brain tissue using CRP1 antibody.

**WB (Western Blot)**

Western blot analysis of extracts from HeLa, HepG2 cells, COLO cells and Jurkat cells, using CRP1 antibody.
