

## Rabbit anti-Human FGF18 Polyclonal Antibody | anti-FGF18 antibody

FGF18 Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS                                    |
|-----------|--------|------------|-------------------------------------------------|
| AAA242524 | Rabbit | Human      | Immunofluorescence, Immunohistochemistry, ELISA |

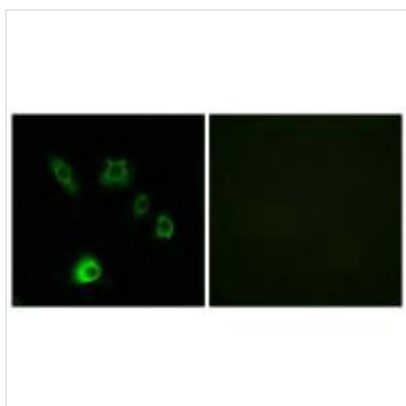

### PRODUCT SYNONYMS

FGF18; Polyclonal Antibody; FGF18 Antibody; Fibroblast growth factor 18; FGF-18; Zfgf5; UNQ420/PRO856; anti-FGF18 antibody

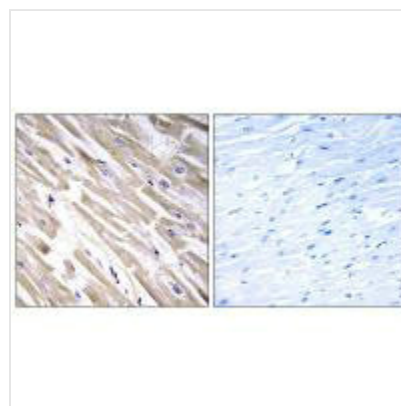

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                   |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                            |
| Reactivity                                      | Human                                                                                                                             |
| Clonality                                       | Polyclonal                                                                                                                        |
| Isotype                                         | IgG                                                                                                                               |
| Purity/Purification                             | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                              |
| Form/Format                                     | Liquid; Rabbit IgG In Phosphate Buffered Saline (without Mg2+ and Ca2+), pH 7.4, 150mM NaCl, 0.02% Sodium Azide and 50% Glycerol. |
| Applicable Applications for anti-FGF18 antibody | IF (Immunofluorescence), IHC (Immunohistochemistry), ELISA                                                                        |
| Immunogen                                       | Synthesized peptide derived from internal of human FGF18.                                                                         |
| Immunogen Species                               | Human                                                                                                                             |
| Conjugate                                       | Non-conjugated                                                                                                                    |
| Preparation and Storage                         | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                                                       |

### IMAGES

**IF (Immunofluorescence)**

Immunofluorescence analysis of HuvEc cells, using FGF18 antibody.

**IHC (Immunohistochemistry)**

Immunohistochemistry analysis of paraffin-embedded human heart tissue using FGF18 antibody.
