

## Mouse Actin Monoclonal Antibody

Muscle actin Monoclonal Antibody

|                               |                      |                                        |                                                    |
|-------------------------------|----------------------|----------------------------------------|----------------------------------------------------|
| CATALOG #<br><b>AAA243636</b> | HOST<br><b>Mouse</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Immunohistochemistry, ELISA</b> |
|-------------------------------|----------------------|----------------------------------------|----------------------------------------------------|

### PRODUCT SYNONYMS

Actin; Monoclonal Antibody; Muscle actin Monoclonal Antibody; anti-Actin antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                           |
|-------------------------------------------------|-------------------------------------------------------------------------------------------|
| Host                                            | Mouse                                                                                     |
| Reactivity                                      | Human, Mouse, Rat                                                                         |
| Clonality                                       | Monoclonal                                                                                |
| Isotype                                         | IgG                                                                                       |
| Purity/Purification                             | Affinity-purified from mouse ascites by affinity-chromatography using specific immunogen. |
| Form/Format                                     | Liquid; In Phosphate Buffered Saline, 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.      |
| Applicable Applications for anti-Actin antibody | IHC (Immunohistochemistry), ELISA                                                         |
| Immunogen                                       | Synthetic Peptide of Muscle actin                                                         |
| Immunogen Species                               | Human                                                                                     |
| Conjugate                                       | Non-conjugated                                                                            |
| Preparation and Storage                         | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.               |
