

## Human NCOA4 (Nuclear receptor coactivator 4) ELISA Kit | NCOA4 elisa kit

Human NCOA4 (Nuclear receptor coactivator 4) ELISA Kit

CATALOG #  
**AAA251354**

REACTIVITY  
**Human**

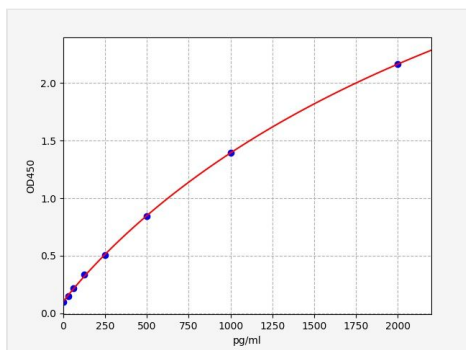

### PRODUCT SYNONYMS

NCOA4 (Nuclear receptor coactivator 4); Human NCOA4 (Nuclear receptor coactivator 4) ELISA Kit; Nuclear receptor coactivator 4; NCoA-4; Androgen receptor coactivator 70 kDa protein; 70 kDa AR-activator; 70 kDa androgen receptor coactivator; Androgen receptor-associated protein of 70 kDa; Ret-activating protein ELE1; NCOA4; ARA70; ELE1; RFG; NCOA4 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                |
| Assay Type              | Sandwich ELISA, Double Antibody                                                      |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples |
| Detection Range         | 31.25-2000pg/ml                                                                      |
| Sensitivity             | 18.75pg/ml                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                  |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                |
|----------------------------------|------------------------------------------------|
| NCBI GI #                        | 223890278                                      |
| NCBI GeneID                      | 8031                                           |
| NCBI Accession #                 | NP_001138732.1                                 |
| NCBI GenBank Nucleotide #        | NM_001145260.1                                 |
| UniProt Accession #              | Q13772; Q14239; A8K8W5; B4E260; E9PAV7; J3KQN8 |
| Molecular Weight                 | 69,726 Da                                      |
| NCBI Official Full Name          | nuclear receptor coactivator 4 isoform 1       |
| NCBI Official Synonym Full Names | nuclear receptor coactivator 4                 |

|                               |                                                                                                                                                                                        |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Symbol          | NCOA4                                                                                                                                                                                  |
| NCBI Official Synonym Symbols | RFG; ELE1; PTC3; ARA70                                                                                                                                                                 |
| NCBI Protein Information      | nuclear receptor coactivator 4; NCoA-4; ret fused; 70 kDa AR-activator; RET-activating gene ELE1; 70 kDa androgen receptor coactivator; androgen receptor-associated protein of 70 kDa |
| UniProt Protein Name          | Nuclear receptor coactivator 4                                                                                                                                                         |
| UniProt Gene Name             | <b>NCOA4</b>                                                                                                                                                                           |
| UniProt Synonym Gene Names    | ARA70; ELE1; RFG; NCoA-4; 70 kDa AR-activator                                                                                                                                          |
| UniProt Entry Name            | NCOA4_HUMAN                                                                                                                                                                            |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
