

## General NPT (Neopterin) ELISA Kit | NPT elisa kit

NPT (Neopterin) ELISA Kit

CATALOG #  
**AAA251583**

REACTIVITY  
**General**

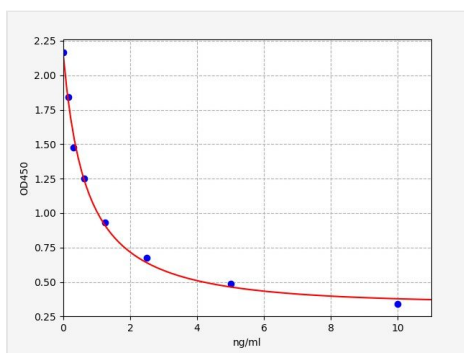

### PRODUCT SYNONYMS

NPT (Neopterin); NPT (Neopterin) ELISA Kit; NPT; Neopterin; NPT elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------|
| Reactivity              | General                                                                              |
| Assay Type              | Competitive                                                                          |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples |
| Detection Range         | 0.156-10ng/ml                                                                        |
| Sensitivity             | 0.094ng/ml                                                                           |
| Time                    | 2 hours                                                                              |
| CAS                     | 2009-64-5                                                                            |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                  |

### IMAGES

Standard Curve (Sample)

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
