

## Human Clec10a (C-type lectin domain family 10 member A) ELISA Kit | Clec10a elisa kit

Human Clec10a (C-type lectin domain family 10 member A) ELISA Kit

CATALOG #  
**AAA251589**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Clec10a (C-type lectin domain family 10 member A); Human Clec10a (C-type lectin domain family 10 member A) ELISA Kit; C-type lectin domain family 10 member A; MMGL; Macrophage asialoglycoprotein-binding protein 1 (M-ASGP-BP-1); Macrophage galactose/N-acetylgalactosamine-specific lectin; Clec10a; Mgl; Mgl1; Clec10a elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                |
| Assay Type              | Sandwich ELISA, Double Antibody                                                      |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples |
| Detection Range         | 31.25-2000pg/ml                                                                      |
| Sensitivity             | 18.75pg/ml                                                                           |
| Time                    | 4 hours                                                                              |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                  |

### NCBI AND UNIPROT INFORMATION

|                                  |                                          |
|----------------------------------|------------------------------------------|
| NCBI GI #                        | 59797948                                 |
| NCBI GeneID                      | 10462                                    |
| UniProt Accession #              | Q8IUN9; Q14538; Q6PIW3; A8K8J8           |
| Molecular Weight                 | 316                                      |
| NCBI Official Full Name          | C-type lectin domain family 10 member A  |
| NCBI Official Synonym Full Names | C-type lectin domain family 10, member A |
| NCBI Official Symbol             | CLEC10A                                  |

|                               |                                                                                                                                                                                                                                                                 |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Synonym Symbols | HML; MGL; HML2; CD301; CLECSF13; CLECSF14                                                                                                                                                                                                                       |
| NCBI Protein Information      | C-type lectin domain family 10 member A; macrophage lectin 2 (calcium dependent); C-type (calcium dependent, carbohydrate-recognition domain) lectin, superfamily member 13 (macrophage-derived); C-type (calcium dependent, carbohydrate-recognition domain) I |
| UniProt Protein Name          | C-type lectin domain family 10 member A                                                                                                                                                                                                                         |
| UniProt Gene Name             | CLEC10A                                                                                                                                                                                                                                                         |
| UniProt Synonym Gene Names    | CLECSF13; CLECSF14; HML                                                                                                                                                                                                                                         |
| UniProt Entry Name            | CLC10_HUMAN                                                                                                                                                                                                                                                     |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
