

## Human FABP1 (Fatty acid-binding protein, liver) ELISA Kit | FABP1 elisa kit

Human FABP1 (Fatty acid-binding protein, liver) QuickTest ELISA Kit

CATALOG #  
**AAA251925**

REACTIVITY  
**Human**

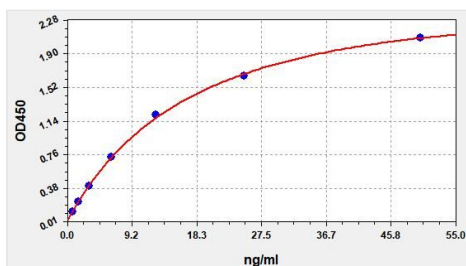

### PRODUCT SYNONYMS

FABP1 (Fatty acid-binding protein; liver); Human FABP1 (Fatty acid-binding protein; liver) QuickTest ELISA Kit; Fatty acid-binding protein; liver; Fatty acid-binding protein 1; Liver-type fatty acid-binding protein; L-FABP; FABP1; FABPL; FABP1 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                                 |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 1.563-100ng/ml                                                                                        |
| Sensitivity             | 0.938ng/ml                                                                                            |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                                                                        |
|----------------------------------|--------------------------------------------------------------------------------------------------------|
| NCBI GI #                        | 182358                                                                                                 |
| NCBI GeneID                      | 2168                                                                                                   |
| UniProt Accession #              | P07148                                                                                                 |
| Molecular Weight                 | 14,208 Da                                                                                              |
| NCBI Official Full Name          | L-FABP                                                                                                 |
| NCBI Official Synonym Full Names | fatty acid binding protein 1, liver                                                                    |
| NCBI Official Symbol             | FABP1                                                                                                  |
| NCBI Official Synonym Symbols    | FABPL; L-FABP                                                                                          |
| NCBI Protein Information         | fatty acid-binding protein, liver; fatty acid-binding protein 1; liver-type fatty acid-binding protein |

|                            |                                   |
|----------------------------|-----------------------------------|
| UniProt Protein Name       | Fatty acid-binding protein, liver |
| UniProt Gene Name          | <b>FABP1</b>                      |
| UniProt Synonym Gene Names | FABPL; L-FABP                     |
| UniProt Entry Name         | FABPL_HUMAN                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
