

## Human TF/F3 (Tissue factor) ELISA Kit | TF/F3 elisa kit

Human TF/F3 (Tissue factor) QuickTest ELISA Kit

CATALOG #  
**AAA252184**

REACTIVITY  
**Human**

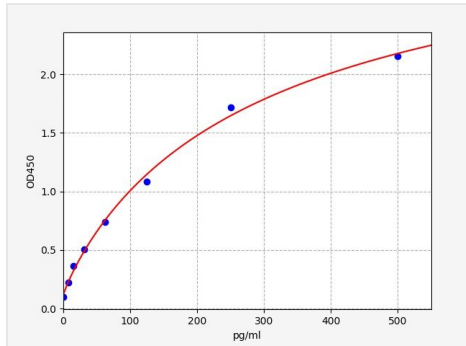

### PRODUCT SYNONYMS

TF/F3 (Tissue factor); Human TF/F3 (Tissue factor) QuickTest ELISA Kit; Tissue factor; TF; Coagulation factor III; Thromboplastin; F3; TF/F3 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                                 |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 7.813-500pg/ml                                                                                        |
| Sensitivity             | 4.688pg/ml                                                                                            |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                        |
|----------------------------------|--------------------------------------------------------|
| NCBI GI #                        | 296010912                                              |
| NCBI GeneID                      | 2152                                                   |
| NCBI Accession #                 | NP_001171567.1                                         |
| NCBI GenBank Nucleotide #        | NM_001178096.1                                         |
| UniProt Accession #              | P13726; Q6FHG2; Q86WH4; D3DT47                         |
| Molecular Weight                 | 33,068 Da                                              |
| NCBI Official Full Name          | tissue factor isoform 2                                |
| NCBI Official Synonym Full Names | coagulation factor III (thromboplastin, tissue factor) |

|                               |                |
|-------------------------------|----------------|
| NCBI Official Symbol          | F3             |
| NCBI Official Synonym Symbols | TF; TFA; CD142 |
| NCBI Protein Information      | tissue factor  |
| UniProt Protein Name          | Tissue factor  |
| UniProt Gene Name             | <b>F3</b>      |
| UniProt Synonym Gene Names    | TF             |
| UniProt Entry Name            | TF_HUMAN       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
