

## Human CXCR5 (C-X-C chemokine receptor type 5) ELISA Kit | CXCR5 elisa kit

Human CXCR5 (C-X-C chemokine receptor type 5) QuickTest ELISA Kit

CATALOG #  
**AAA252514**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

CXCR5 (C-X-C chemokine receptor type 5); Human CXCR5 (C-X-C chemokine receptor type 5) QuickTest ELISA Kit; C-X-C chemokine receptor type 5; CXCR-5; CXCR-5; Burkitt lymphoma receptor 1; Monocyte-derived receptor 15; MDR-15; CXCR5; BLR1; MDR15; CXCR5 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                                 |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 0.156-10ng/ml                                                                                         |
| Sensitivity             | 0.094ng/ml                                                                                            |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

### NCBI AND UNIPROT INFORMATION

|                                  |                                    |
|----------------------------------|------------------------------------|
| NCBI GI #                        | 416718                             |
| NCBI GeneID                      | 643                                |
| UniProt Accession #              | P32302; Q14811                     |
| Molecular Weight                 | 36,676 Da                          |
| NCBI Official Full Name          | C-X-C chemokine receptor type 5    |
| NCBI Official Synonym Full Names | chemokine (C-X-C motif) receptor 5 |
| NCBI Official Symbol             | CXCR5                              |

|                               |                                                                                                                                                                                                                                |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Synonym Symbols | BLR1; CD185; MDR15                                                                                                                                                                                                             |
| NCBI Protein Information      | C-X-C chemokine receptor type 5; CXC-R5; CXCR-5; MDR-15; monocyte-derived receptor 15; Burkitt lymphoma receptor 1, GTP-binding protein; Burkitt lymphoma receptor 1, GTP binding protein (chemokine (C-X-C motif) receptor 5) |
| UniProt Protein Name          | C-X-C chemokine receptor type 5                                                                                                                                                                                                |
| UniProt Gene Name             | <b>CXCR5</b>                                                                                                                                                                                                                   |
| UniProt Synonym Gene Names    | BLR1; MDR15; CXC-R5; CXCR-5; MDR-15                                                                                                                                                                                            |
| UniProt Entry Name            | CXCR5_HUMAN                                                                                                                                                                                                                    |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
