

# Human VSTM1 (V-set and transmembrane domain-containing protein 1) ELISA Kit | VSTM1 elisa kit

Human VSTM1 (V-set and transmembrane domain-containing protein 1) QuickTest ELISA Kit

|                               |                            |
|-------------------------------|----------------------------|
| CATALOG #<br><b>AAA252518</b> | REACTIVITY<br><b>Human</b> |
|-------------------------------|----------------------------|

## PRODUCT SYNONYMS

VSTM1 (V-set and transmembrane domain-containing protein 1); Human VSTM1 (V-set and transmembrane domain-containing protein 1) QuickTest ELISA Kit; V-set and transmembrane domain-containing protein 1; Signal inhibitory receptor on leukocytes-1; S1RL-1; VSTM1; VSTM1 elisa kit

## PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                                 |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 31.25-2000pg/ml                                                                                       |
| Sensitivity             | 18.75pg/ml                                                                                            |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

| NCBI GI #                 | 571031348                                      |
| NCBI GeneID               | 284415                                         |
| NCBI Accession #          | NP_001275720.1                                 |
| NCBI GenBank Nucleotide # | NM_001288791.1                                 |
| UniProt Accession #       | Q6UX27; Q496B6; Q496B7; B6A8C6; D2DJS3; D2DJS4 |
| Molecular Weight          | 26,109 Da                                      |

|                                  |                                                                                                                                        |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Full Name          | V-set and transmembrane domain-containing protein 1 isoform 2                                                                          |
| NCBI Official Synonym Full Names | V-set and transmembrane domain containing 1                                                                                            |
| NCBI Official Symbol             | VSTM1                                                                                                                                  |
| NCBI Official Synonym Symbols    | SIRL1; SIRL-1; UNQ3033                                                                                                                 |
| NCBI Protein Information         | V-set and transmembrane domain-containing protein 1; LAIR homolog; OSCAR-like transcript-1; signal inhibitory receptor on leukocytes-1 |
| UniProt Protein Name             | V-set and transmembrane domain-containing protein 1                                                                                    |
| UniProt Gene Name                | <b>VSTM1</b>                                                                                                                           |
| UniProt Synonym Gene Names       | UNQ3033/PRO9835; SIRL-1                                                                                                                |
| UniProt Entry Name               | VSTM1_HUMAN                                                                                                                            |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
