

## Human ITGAL (Integrin alpha-L) ELISA Kit | ITGAL elisa kit

Human ITGAL (Integrin alpha-L) QuickTest ELISA Kit

CATALOG #  
**AAA252539**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

ITGAL (Integrin alpha-L); Human ITGAL (Integrin alpha-L) QuickTest ELISA Kit; Integrin alpha-L; CD11 antigen-like family member A; Leukocyte adhesion glycoprotein LFA-1 alpha chain; LFA-1A; Leukocyte function-associated molecule 1 alpha chain; CD11a; ITGAL; ITGAL elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                                 |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 0.313-20ng/ml                                                                                         |
| Sensitivity             | 0.188ng/ml                                                                                            |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                                                                       |
|----------------------------------|-------------------------------------------------------------------------------------------------------|
| NCBI GI #                        | 88911345                                                                                              |
| NCBI GeneID                      | 3683                                                                                                  |
| UniProt Accession #              | P20701; O43746; Q45H73; Q96HB1; Q9UBC8                                                                |
| NCBI Official Full Name          | Integrin alpha-L                                                                                      |
| NCBI Official Synonym Full Names | integrin, alpha L (antigen CD11A (p180), lymphocyte function-associated antigen 1; alpha polypeptide) |
| NCBI Official Symbol             | ITGAL                                                                                                 |
| NCBI Official Synonym Symbols    | CD11A; LFA-1; LFA1A                                                                                   |

|                            |                                                                                                                                                                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Protein Information   | integrin alpha-L; LFA-1A; LFA-1 alpha; integrin gene promoter; CD11 antigen-like family member A; lymphocyte function-associated antigen 1; leukocyte adhesion glycoprotein LFA-1 alpha chain; leukocyte function-associated molecule 1 alpha chain; antigen CD |
| UniProt Protein Name       | Integrin alpha-L                                                                                                                                                                                                                                                |
| UniProt Gene Name          | <b>ITGAL</b>                                                                                                                                                                                                                                                    |
| UniProt Synonym Gene Names | CD11A; LFA-1A                                                                                                                                                                                                                                                   |
| UniProt Entry Name         | ITAL_HUMAN                                                                                                                                                                                                                                                      |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
