

## Rat GDF15 (Growth Differentiation Factor 15) ELISA Kit | GDF15 elisa kit

Rat GDF15 (Growth Differentiation Factor 15) QuickTest ELISA Kit

CATALOG #  
**AAA252845**

REACTIVITY  
**Rat**

### PRODUCT SYNONYMS

GDF15 (Growth Differentiation Factor 15); Rat GDF15 (Growth Differentiation Factor 15) QuickTest ELISA Kit; Growth/differentiation factor 15; GDF-15; Macrophage inhibitory cytokine 1; MIC-1; NSAID-activated gene 1 protein; NAG-1; NSAID-regulated gene 1 protein; NRG-1; Placental TGF-beta; Placental bone morphogenetic protein; Prostate differentiation factor; GDF15; MIC1; PDF; PLAB; PTGFB; GDF15 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Rat                                                                                                   |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 31.25-2000pg/ml                                                                                       |
| Sensitivity             | 18.75pg/ml                                                                                            |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

### NCBI AND UNIPROT INFORMATION

|                           |                                  |
|---------------------------|----------------------------------|
| NCBI GI #                 | 9506719                          |
| NCBI GeneID               | 29455                            |
| NCBI Accession #          | NP_062089.1                      |
| NCBI GenBank Nucleotide # | NM_019216.2                      |
| UniProt Accession #       | Q9Z0J6                           |
| Molecular Weight          | 33,439 Da                        |
| NCBI Official Full Name   | growth/differentiation factor 15 |

|                                  |                                  |
|----------------------------------|----------------------------------|
| NCBI Official Synonym Full Names | growth differentiation factor 15 |
| NCBI Official Symbol             | Gdf15                            |
| NCBI Protein Information         | growth/differentiation factor 15 |
| UniProt Protein Name             | Growth/differentiation factor 15 |
| UniProt Gene Name                | <b>Gdf15</b>                     |
| UniProt Synonym Gene Names       | Sbf; GDF-15                      |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
