

## Human HSP90B1 (Endoplasmin) ELISA Kit | HSP90B1 elisa kit

Human HSP90B1 (Endoplasmin) QuickTest ELISA Kit

CATALOG #  
**AAA252924**

REACTIVITY  
**Human**

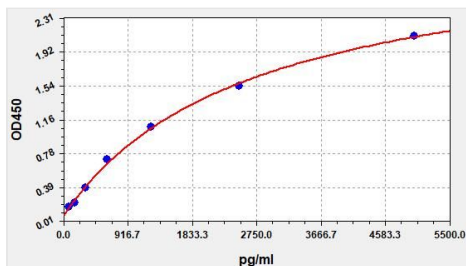

### PRODUCT SYNONYMS

HSP90B1 (Endoplasmin); Human HSP90B1 (Endoplasmin) QuickTest ELISA Kit; Endoplasmin; 94 kDa glucose-regulated protein; GRP-94; Endoplasmic reticulum resident protein 99; ERp99; Heat shock protein 90 kDa beta member 1; Tumor rejection antigen gp96; HSP90B1; GRP94; TRA1; Tra-1; HSP90B1 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                              |
|-------------------------|--------------------------------------------------------------|
| Reactivity              | Human                                                        |
| Assay Type              | Sandwich ELISA, Double Antibody                              |
| Samples                 | cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 78.125-5000pg/ml                                             |
| Sensitivity             | 46.875pg/ml                                                  |
| Time                    | 120 minutes                                                  |
| Preparation and Storage | Store at 2-8 degree C for 12 months                          |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                 |
|----------------------------------|-------------------------------------------------|
| NCBI GI #                        | 4507677                                         |
| NCBI GeneID                      | 7184                                            |
| NCBI Accession #                 | NP_003290.1                                     |
| NCBI GenBank Nucleotide #        | NM_003299.2                                     |
| UniProt Accession #              | P14625; Q96A97                                  |
| Molecular Weight                 | 92,469 Da                                       |
| NCBI Official Full Name          | endoplasmin                                     |
| NCBI Official Synonym Full Names | heat shock protein 90kDa beta (Grp94), member 1 |
| NCBI Official Symbol             | HSP90B1                                         |

|                                      |                                                                                                                                                                                                                                           |
|--------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>NCBI Official Synonym Symbols</b> | ECGP; GP96; TRA1; GRP94                                                                                                                                                                                                                   |
| <b>NCBI Protein Information</b>      | endoplasmin; tumor rejection antigen 1; 94 kDa glucose-regulated protein; tumor rejection antigen (gp96) 1; endothelial cell (HBMEC) glycoprotein; heat shock protein 90 kDa beta member 1; stress-inducible tumor rejection antigen gp96 |
| <b>UniProt Protein Name</b>          | Endoplasmin                                                                                                                                                                                                                               |
| <b>UniProt Gene Name</b>             | <b>HSP90B1</b>                                                                                                                                                                                                                            |
| <b>UniProt Synonym Gene Names</b>    | GRP94; TRA1; GRP-94                                                                                                                                                                                                                       |
| <b>UniProt Entry Name</b>            | ENPL_HUMAN                                                                                                                                                                                                                                |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
