

## Human ASIP (Agouti-signaling protein) ELISA Kit | ASIP elisa kit

Human ASIP (Agouti-signaling protein) QuickTest ELISA Kit

CATALOG #  
**AAA253132**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

ASIP (Agouti-signaling protein); Human ASIP (Agouti-signaling protein) QuickTest ELISA Kit; Agouti-signaling protein; ASP; Agouti switch protein; ASIP; AGTI; AGTIL; ASIP elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Human                                                                                                 |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 1.563-100pg/ml                                                                                        |
| Sensitivity             | 0.938pg/ml                                                                                            |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

### NCBI AND UNIPROT INFORMATION

|                                  |                          |
|----------------------------------|--------------------------|
| NCBI GI #                        | 540073                   |
| NCBI GeneID                      | 434                      |
| UniProt Accession #              | P42127; Q3SXL2           |
| Molecular Weight                 | 14,515 Da                |
| NCBI Official Full Name          | agouti                   |
| NCBI Official Synonym Full Names | agouti signaling protein |
| NCBI Official Symbol             | ASIP                     |

|                               |                                                                                                                 |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------|
| NCBI Official Synonym Symbols | ASP; AGSW; AGTI; AGTIL; SHEP9                                                                                   |
| NCBI Protein Information      | agouti-signaling protein; nonagouti homolog; agouti switch protein; agouti signaling protein, nonagouti homolog |
| UniProt Protein Name          | Agouti-signaling protein                                                                                        |
| UniProt Gene Name             | <b>ASIP</b>                                                                                                     |
| UniProt Synonym Gene Names    | AGTI; AGTIL; ASP; ASP                                                                                           |
| UniProt Entry Name            | ASIP_HUMAN                                                                                                      |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
