

## Mouse GA (Glycated Albumin) ELISA Kit | GA elisa kit

Mouse GA (Glycated Albumin) QuickTest ELISA Kit

CATALOG #  
**AAA253538**

REACTIVITY  
**Mouse**

### PRODUCT SYNONYMS

GA (Glycated Albumin); Mouse GA (Glycated Albumin) QuickTest ELISA Kit; GA; Glycated Albumin; GA elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity              | Mouse                                                                                                 |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                       |
| Samples                 | Serum, plasma, cell culture supernatant, cell lysate or tissue lysate, other biological fluid samples |
| Detection Range         | 15.625-1000pmol/ml                                                                                    |
| Sensitivity             | 9.375pmol/ml                                                                                          |
| Time                    | 120 minutes                                                                                           |
| Preparation and Storage | Store at 2-8 degree C for 12 months                                                                   |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                |
|----------------------------------|------------------------------------------------|
| NCBI GI #                        | 163310765                                      |
| NCBI GeneID                      | 11657                                          |
| NCBI Accession #                 | NP_033784.2                                    |
| NCBI GenBank Nucleotide #        | NM_009654.3                                    |
| UniProt Accession #              | P07724; Q3TV03; Q61802; Q8C7C7; Q8C7H3; Q8CG74 |
| Molecular Weight                 | 68,693 Da                                      |
| NCBI Official Full Name          | serum albumin                                  |
| NCBI Official Synonym Full Names | albumin                                        |

|                               |                          |
|-------------------------------|--------------------------|
| NCBI Official Symbol          | Alb                      |
| NCBI Official Synonym Symbols | Alb1; Alb-1              |
| NCBI Protein Information      | serum albumin; albumin 1 |
| UniProt Protein Name          | Serum albumin            |
| UniProt Gene Name             | <b>Alb</b>               |
| UniProt Synonym Gene Names    | Alb-1; Alb1              |
| UniProt Entry Name            | ALBU_MOUSE               |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
