### PRODUCT SYNONYMS

ALDH6A1; Polyclonal Antibody; Anti-ALDH6A1 Antibody; Rabbit Polyclonal; ALDH6A1 Antibody; Rabbit PAb; Antigen Affinity Purified; aldehyde dehydrogenase 6 family; member A1; Anti-MMSADHA Antibody; Anti-MMSDH Antibody; anti-ALDH6A1 antibody

### PRODUCT SPECIFICATIONS

|                                                   |                                                                                                                                                                                                                                                    |

| Host                                              | Rabbit                                                                                                                                                                                                                                             |
| Reactivity                                        | Human                                                                                                                                                                                                                                              |
| Clonality                                         | Polyclonal                                                                                                                                                                                                                                         |
| Isotype                                           | Rabbit IgG                                                                                                                                                                                                                                         |
| Specificity                                       | Human ALDH6A1                                                                                                                                                                                                                                      |
| Purity/Purification                               | Protein A & Antigen Affinity                                                                                                                                                                                                                       |
| Form/Format                                       | Liquid; PBS, pH7.0 with 0.03% Proclin300                                                                                                                                                                                                           |
| Applicable Applications for anti-ALDH6A1 antibody | IHC (Immunohistochemistry)                                                                                                                                                                                                                         |
| Immunogen                                         | E Coli-derived Human ALDH6A1 fragment                                                                                                                                                                                                              |
| Conjugation                                       | Unconjugated                                                                                                                                                                                                                                       |
| Preparation                                       | Produced in rabbits immunized with E Coli-derived Human ALDH6A1 fragment, and purified by antigen affinity chromatography.                                                                                                                         |
| Preparation and Storage                           | This antibody can be stored at 2-8 degree C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20 degree C to -80 degree C. Avoid repeated freeze-thaw cycles. |

### IMAGES

**IHC (Immunohistochemistry)**

Immunochemical staining of human ALDH6A1 in human liver with rabbit polyclonal antibody at 1:100 dilution, formalin-fixed paraffin embedded sections.

**IHC (Immunohistochemistry)**

Immunochemical staining of human ALDH6A1 in human kidney with rabbit polyclonal antibody at 1:100 dilution, formalin-fixed paraffin embedded sections.

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
