### PRODUCT SYNONYMS

hNRNP C; Polyclonal Antibody; Anti-hNRNP C (pS260) Phospho Antibody; HNRPC; Heterogeneous nuclear ribonucleoproteins C1/C2; hnRNP C1/C2; anti-HNRNPC antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                                                                                |
|--------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                                                                         |
| Reactivity                                       | Human, Mouse, Rat, Rabbit                                                                                                                      |
| Clonality                                        | Polyclonal                                                                                                                                     |
| Specificity                                      | Recognizes endogenous levels of hNRNP C (pS260) protein.                                                                                       |
| Purity/Purification                              | The antibody was purified by immunogen affinity chromatography.                                                                                |
| Form/Format                                      | Liquid in 0.42% Potassium Phosphate, 0.87% Sodium Chloride, pH 7.3, 30% Glycerol, and 0.01% Sodium Azide.                                      |
| Sequence Length                                  | 306                                                                                                                                            |
| Applicable Applications for anti-HNRNPC antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                                  |
| Immunogen                                        | KLH-conjugated synthetic peptide encompassing a sequence within the C-term region of human hNRNP C (pS260). The exact sequence is proprietary. |
| Preparation and Storage                          | Shipped at 4 degree C. Upon delivery aliquot and store at -20 degree C for one year. Avoid freeze/thaw cycles.                                 |

### IMAGES

#### IHC (Immunohistochemistry)

Immunohistochemical analysis of hNRNP C (pS260) staining in human breast cancer formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

#### WB (Western Blot)

Western blot analysis of hNRNP C (pS260) expression in HeLa (A), K562 (B), HEK293T (C) whole cell lysates.
