

## Rabbit anti-Human, Mouse FBXO11 Polyclonal Antibody | anti-FBXO11 antibody

Anti-FBXO11 Antibody

| CATALOG # | HOST   | REACTIVITY   | APPLICATIONS                                          |
|-----------|--------|--------------|-------------------------------------------------------|
| AAA264368 | Rabbit | Human, Mouse | Immunocytochemistry, Immunofluorescence, Western Blot |

### PRODUCT SYNONYMS

FBXO11; Polyclonal Antibody; Anti-FBXO11 Antibody; FBX11; PRMT9; VIT1; F-box only protein 11; Protein arginine N-methyltransferase 9; Vitiligo-associated protein 1; VIT-1; anti-FBXO11 antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                                           |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                                    |
| Reactivity                                       | Human, Mouse                                                                                              |
| Clonality                                        | Polyclonal                                                                                                |
| Specificity                                      | Recognizes endogenous levels of FBXO11 protein.                                                           |
| Purity/Purification                              | Purified by Immunogen Affinity Chromatography                                                             |
| Form/Format                                      | Liquid in 0.42% Potassium Phosphate, 0.87% Sodium Chloride, pH 7.3, 30% Glycerol, and 0.01% Sodium Azide. |
| Applicable Applications for anti-FBXO11 antibody | ICC (Immunocytochemistry), IF (Immunofluorescence), WB (Western Blot)                                     |
| Immunogen                                        | Recombinant fusion protein of human FBXO11. The exact sequence is proprietary.                            |
| Preparation and Storage                          | Upon delivery aliquot and store at -20 degree C for one year. Avoid freeze/thaw cycles.                   |

### IMAGES

#### IF (Immunofluorescence)

Immunofluorescent analysis of FBXO11 staining in MCF7 cells. Formalin-fixed cells were permeabilized with 0.1% Triton X-100 in TBS for 5-10 minutes and blocked with 3% BSA-PBS for 30 minutes at room temperature. Cells were probed with the primary antibody in 3% BSA-PBS and incubated overnight at 4 degree C in a humidified chamber. Cells were washed with PBST and incubated with a Alexa Fluor 488-conjugated secondary antibody (green) in PBS at room temperature in the dark.

#### WB (Western Blot)

Western blot analysis of FBXO11 expression in HeLa (A), mouse lung (B) whole cell lysates.
