

## General Hemoglobin A1c Assay Kit

Hemoglobin A1c Microplate Assay Kit

|                               |                              |                                         |
|-------------------------------|------------------------------|-----------------------------------------|
| CATALOG #<br><b>AAA266488</b> | REACTIVITY<br><b>General</b> | APPLICATIONS<br><b>Functional Assay</b> |
|-------------------------------|------------------------------|-----------------------------------------|

### PRODUCT SYNONYMS

Hemoglobin A1c; Hemoglobin A1c Microplate Assay Kit; Hemoglobin A1c assay kit

### PRODUCT SPECIFICATIONS

|                                                      |                                               |
|------------------------------------------------------|-----------------------------------------------|
| Reactivity                                           | General                                       |
| Samples                                              | Whole blood, Other biological fluids          |
| Detection Method                                     | Colorimetric                                  |
| Detection Range                                      | 0.1mmol/L-5mmol/L                             |
| Platform                                             | Microplate reader 570nm                       |
| Applicable Applications for Hemoglobin A1c assay kit | FA (Functional Assay)                         |
| Preparation and Storage                              | Shipped and store at 4 degree C for 6 months. |
