

## Rabbit VEGF Polyclonal Antibody | anti-VEGF antibody

VEGF

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS                                                                |
|-----------|--------|-------------------|-----------------------------------------------------------------------------|
| AAA268462 | Rabbit | Human, Mouse, Rat | Immunohistochemistry, Immunofluorescence, Immunoprecipitation, Western Blot |

### PRODUCT SYNONYMS

VEGF; Polyclonal Antibody; Vascular endothelial growth factor A; Vascular permeability factor; VPF; anti-VEGF antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                  |
|------------------------------------------------|--------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                           |
| Reactivity                                     | Human, Mouse, Rat                                                                                |
| Clonality                                      | Polyclonal                                                                                       |
| Isotype                                        | IgG                                                                                              |
| Purity/Purification                            | Immunogen affinity purified                                                                      |
| Applicable Applications for anti-VEGF antibody | IHC (Immunohistochemistry), IF (Immunofluorescence), IP (Immunoprecipitation), WB (Western Blot) |
| Immunogen                                      | Peptide                                                                                          |
| Storage Buffer                                 | 1*TBS (pH7.4), 1% BSA, 40% Glycerol.                                                             |
| Preservative                                   | 0.05% Sodium Azide.                                                                              |
| Preparation and Storage                        | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                   |
