

# Rabbit CD300LG Polyclonal Antibody | anti-CD300LG antibody

CD300LG

|                               |                       |                                                                 |                                                                  |
|-------------------------------|-----------------------|-----------------------------------------------------------------|------------------------------------------------------------------|
| CATALOG #<br><b>AAA268725</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Reacts with: Human (Predicted: Rat, Mouse)</b> | APPLICATIONS<br><b>Immunohistochemistry, Western Blot, ELISA</b> |
|-------------------------------|-----------------------|-----------------------------------------------------------------|------------------------------------------------------------------|

## PRODUCT SYNONYMS

CD300LG; Polyclonal Antibody; CD300LG Antibody; CLM-9; CLM9; NEPMUCIN; TREM-4; TREM4; anti-CD300LG antibody

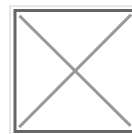

## PRODUCT SPECIFICATIONS

|                                                   |                                                                                                     |
|---------------------------------------------------|-----------------------------------------------------------------------------------------------------|
| Host                                              | Rabbit                                                                                              |
| Reactivity                                        | Reacts with: Human (Predicted: Rat, Mouse)                                                          |
| Clonality                                         | Polyclonal                                                                                          |
| Isotype                                           | IgG                                                                                                 |
| Purity/Purification                               | Purified by antigen affinity column.                                                                |
| Form/Format                                       | Antibody solution in 1% BSA and 0.02% NaN3.                                                         |
| Concentration                                     | 0.5mg/ml (varies by lot)                                                                            |
| Sequence Length                                   | 2771                                                                                                |
| Applicable Applications for anti-CD300LG antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                |
| Immunogen                                         | Recombinant fragment corresponding to 91-242aa of human CD300LG.                                    |
| Preparation and Storage                           | Shipped with blue ice. Store immediately at -20°C upon receipt. Avoid repeating freeze-thaw cycles. |
