

## Rabbit anti-Human, Rat SUN1 Monoclonal Antibody | anti-SUN1 antibody

SUN1

|                               |                       |                                 |
|-------------------------------|-----------------------|---------------------------------|
| CATALOG #<br><b>AAA268782</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Rat</b> |
|-------------------------------|-----------------------|---------------------------------|

### PRODUCT SYNONYMS

SUN1; Monoclonal Antibody; SUN domain-containing protein 1; Protein unc-84 homolog A; Sad1/unc-84 protein-like 1; KIAA0810; UNC84A; anti-SUN1 antibody

### PRODUCT SPECIFICATIONS

|                         |                                                                                        |
|-------------------------|----------------------------------------------------------------------------------------|
| Host                    | Rabbit                                                                                 |
| Reactivity              | Human, Rat                                                                             |
| Clonality               | Monoclonal                                                                             |
| Isotype                 | IgG                                                                                    |
| Clone Number            | JG95-31                                                                                |
| Purity/Purification     | Protein A Affinity Purified                                                            |
| Form/Format             | 1*TBS (pH7.4), 1% BSA, 40% Glycerol. 0.05% Sodium Azide.                               |
| Sequence Length         | 278                                                                                    |
| Immunogen               | Recombinant protein corresponding to C-terminal human SUN1.                            |
| Antibody Type           | Recombinant Rabbit Monoclonal Antibody                                                 |
| Preparation and Storage | Store at 4°C after thawing. Aliquot store at -20°C. Avoid repeated freeze/thaw cycles. |

### NCBI AND UNIPROT INFORMATION

|                                  |                                           |
|----------------------------------|-------------------------------------------|
| NCBI GI #                        | <a href="#">284925167</a>                 |
| NCBI GeneID                      | <a href="#">23353</a>                     |
| NCBI Accession #                 | <a href="#">NP_001165416.1</a>            |
| NCBI GenBank Nucleotide #        | <a href="#">NP_001165416.1</a>            |
| UniProt Accession #              | <a href="#">O94901</a>                    |
| NCBI Official Full Name          | SUN domain-containing protein 1 isoform d |
| NCBI Official Synonym Full Names | Sad1 and UNC84 domain containing 1        |
| NCBI Official Symbol             | SUN1                                      |
| NCBI Official Synonym Symbols    | UNC84A                                    |
| NCBI Protein Information         | SUN domain-containing protein 1           |
| UniProt Protein Name             | SUN domain-containing protein 1           |
| UniProt Gene Name                | <b>SUN1</b>                               |
| UniProt Synonym Gene Names       | KIAA0810; UNC84A                          |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
