

## Rabbit csgA Polyclonal Antibody | anti-csgA antibody

csgA Antibody

|                              |                       |                                          |                                            |
|------------------------------|-----------------------|------------------------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA27056</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>E Coli (strain K12)</b> | APPLICATIONS<br><b>ELISA, Western Blot</b> |
|------------------------------|-----------------------|------------------------------------------|--------------------------------------------|

### PRODUCT SYNONYMS

csgA; Polyclonal Antibody; csgA Antibody; anti-csgA antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                             |
|------------------------------------------------|---------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                      |
| Reactivity                                     | E Coli (strain K12)                                                                         |
| Clonality                                      | Polyclonal                                                                                  |
| Isotype                                        | IgG                                                                                         |
| Purity/Purification                            | Affinity-chromatography                                                                     |
| Form/Format                                    | Liquid;<br>Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4 |
| Sequence Positions                             | 45-134                                                                                      |
| Applicable Applications for anti-csgA antibody | ELISA, WB (Western Blot)                                                                    |
| Immunogen Species                              | Escherichia coli (strain K12)                                                               |
| Immunogen                                      | Recombinant Escherichia coli (strain K12) csgA protein (45-134aa)                           |
| Target Names                                   | csgA                                                                                        |
| Preparation and Storage                        | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                               |
